Terre Haute, Indiana.

Dear Madam:

Replying to your letter of October 24th I will say that your brother Harry Stewart had Pulmonary Tuberculosis, which developed rapidly, and run a brief course.
With reference to our last letter to you under date of October 22nd, which evidently did not reach you before your last letter was written, will say that his death occurred at 5:10 A. M. Sunday October 21st, 1928.

Again extending my sympathy, I am,

Very truly,

STATEMENT OF THE MEDICAL ATTENDANT.

State of Indiana, County of Vigo, Sct:

Doctor Thomas C. Stinkard, of said County declares, on oath, that he has recently been the medical attendant of Harry Stewart, of said County, alleged to be insane; that the following is a full and careful statement of the medical history and treatment observed and pursued by him in said case: The patient has been under my care for the past three or four weeks.

The patient is dull, morose and melancholy at times. He imagines that he is afflicted with numerous ailments. He refuses to work and seems to be impressed with the idea that his mother is "against" him.

There is a history of injury to the skull by a blow from a club.

Patient does not seem to be violent at present time, but in my opinion his condition

is gradually growing worse. He is not delusional to any marked extent and talks and acts rational at times. He is restless at night and frequently arises at 1 A.M. and refuses to go to bed again. It is my opinion that he should be properly restrained and treated for his mental afflictions

and that said Harry Stewart can, at present, be conveyed to a hospital for the insane without danger to life.

STATEMENT OF THE MEDICAL EXAMINER.

State of Indiana, County of Vigo, Sct:

Personally appeared before me, Clerk of the Circuit Court of said County, at the Court House in Vigo County, Doctor H L Bornheimer whom I certify to be a respectable practicing physician, who, being sworn, declares that he is not and has not recently been the medical attendant of Harry Stewart, of said County, alleged to be insane: that on the instance of , Justice of the Peace of said County, he has, within a week of this date, carefully and personally examined said Harry Stewart and also the statement alleging said insanity; that he has heard all the testimony given in this inquest; that, in his opinion, said Harry Stewart is insane. and is a proper patient for treatment in a hospital for the insane, and that this opinion is based on the following facts observed by himself, namely: I called at the house last evening & examined said Harry Stewart, when he came in he acted very strange, did not want to be seen also refused to talk on any subject.

and on the following facts, testified to by witnesses, namely: That I believe him a proper subject for the Hospital on the grounds of his actions, combined with the history obtained from his parent & history of injury to head some time ago. I also had opportunity to meet him by chance on the Street this day and am convinced of his insanity, by his dress and actions

Herman L Bornheimer, M. D.
Medical Examiner.

CERTIFICATE OF JUSTICES OF THE PEACE.

State of Indiana, County of Vigo, Sct:

We, the undersigned Justices of the Peace in and for the County aforesaid, hereby certify that we have personally examined Harry Stewart of said County, alleged to be insane, within a week of this date, and have this day held an inquest as to said insanity, according to law; that it is their judgment, upon the evidence of the party alleging the insanity, of the medical attendant, of the medical examiner, and of all other witnesses and pursuant to their own personal examination, that said Harry Stewart is insane; that he is a proper subject for treatment in a hospital for the insane; that his being at large is dangerous to the community, that he resides in Harrison Township, in said County, and has a legal settlement in the State of Indiana.

Miss Lou Stewart,
453 Gilbert Ave.
Terre Haute, Indiana.

Dear Miss Stewart:

You have my real sympathy in your hour of sorrow for the loss of your brother, Harry Stewart.

Harry was a goos patient, and until a few weeks ago had enjoyed many liberties about the Hospital grounds and appeared quite contented with conditions about him.

He had, for some weeks, been rather indisposed, but did not complain. His appetite was poor, and he took an insufficient amount of food; yet he wanted to be busy at something, and until a few days before we wrote to you, he continued to do some light work at the Laundry.

For the past few days his strength gradually failed, and yet hte end came rather suddenly, but peacefully at 3:10 A. M. on Sunday October 21st, 1928.

I feel that the situation is especially sad, since you are unable to take care of his remains, or even to attend the burial here at the Hospital Cemetery.

Interment will be made tomorrow(Tuesday) at 10:30 A. M. with appropriate funeral ceremony.

With best wishes for your future welfare,

I am,

Very truly,

Med.Supt.

Dear Madam:

We have so little information in the case of your brother, Harry Stewart, that we are sending you a history sheet and will ask you to make it out to the best of your knowledge. If you are unable to answer all the questions probably some of the other members of your family can do so.

A family history is very essential for our files.

Thanking you for your attention to this matter, I am,
